## VCA Charities & VCA Animal Hospitals Launch Disaster Relief Fundraiser

Published September 20, 2021

September is National Preparedness Month, and across the country, many of our local communities are feeling the devastating effects of natural disasters – from wildfires on the West coast to Hurricane Ida and other tropical storms hitting the Gulf and East coasts. Both humans and animals have been or will be displaced, need transportation, medical care, or other critical assistance in the wake of these disasters.

That's why we're announcing that VCA Charities and VCA are partnering to raise funds for disaster relief. Now through October 15th, **VCA will match donations made to VCA Charities up to \$50,000, doubling the impact we can make together! You can help us enable \$100,000 or more in response to local disasters.**

Funds donated to VCA Charities up to \$50,000 will be matched by VCA and will go toward VCA Charities supporting animal welfare organizations, shelters and nonprofit partners responding to and managing disasters.

Disaster relief funding will be made based on the individual needs of the organizations, the type of disaster response work and the number of pets impacted. VCA Charities is committed to helping maximum impact for pets, pet owners and the organizations that support them.
